STOCK MARKET

Railroad Securities Are Sagging Although Industrials Show Strength.

MONEY RATES ARE FIRMER

AGGREGATE BUSINESS OF EX-CHANGE SHOWS DECREASE.

New York, Nov. 5.-The stock market today gave plain signs of feeling the effect of the speculative pace which was set for it yesterday and became unsettled and hesitating in the course of the day's business. The total business fell away considerably from the large aggregate of yesterday's and the decrease gate of yesteroay's and the eventually marked the satisfaction of the year's speculative demand induced by the election results. Stocks were fed out free-ty to meet this demand from the outset. All bids were filled promptly, according to the definition of brokers on the floor. Afterward there was a disposition to push the sales at concessions. The impression thus made of the marposition to push the sales at concessions. The impression thus made of the market having arrived at a stage that discounts the favorable factors was emphasized by its action in response to the announcement of the plan for disbursing \$11.55 extra profits on each share of old Northern Pacific stock, the new stock on which the final 12½ per cent of subscriptions is payable in January not sharing in the "melon." Northern Pacific itself had sold as high as 150½ after the opening, but fell to 148¼ before the dividend announcement and did not raily to above 149½ afterwards. The supposed intention to declare this dividend had been a speculative influence in the stock market at latervals all through the present year, and has been so often declared to be imminent, only to be proved lacking, that distrust of the truth of the rumors had grown up in the speculative element. That element was way off the reports of intended action even today. The constant rumors regarding the dividend have pointed to 19 per cent as the reconstant as a quartation for the existing. dend have pointed to 10 per cent as the amount, as a quotation for the existing stock and the certificates of the new Stock were kept about that far apart. The uncertainty in the subject has been owing to assertions of James J. Hill discrediting the reports of an intended ex-tra dividend, which leave the impression that its declaration was opposed by the most influential element in the control of the property. This opposition was ascribed to the opinion that so large an extra disbursement at this time would prove impolitic on the part of a company ontesting for legal reduction of rates of ompensation and seeking to secure higher rates for freight transportation. The company is at some pains to declare, in the official statement of the dividend disthe official statement of the dividend disbursement, that 'no part has been derived from the transportation business."
The derivation of these profits, therefore, is somewhat obscure. The Northwestern Improvement company, the stock of which is owned by the Northern Pacific owns coal and timber lands in Montana and Washington. Its \$2.775.000 stock in the Northern Pacific treasury is valued at \$2.775.000 in the annual report of the company. The amount to be withdrawn from the resources of this company to provide for the \$11.26 per share dividend on \$155.000.000 of Northern Pacific stock is \$17.452.000, which amounts to 629

per cent of the stock of the company. Possibly the weakening of the stock after the news became known owed something to an apprehension of a sharpening of legislative pursuit of the company by this evidence of its opulent condition. The depression of foreign stock markets on account of renewed political complications reflected some influence on that market. Money rates were slightly firmer, both on call and on time. The sagging tendency of railroad stocks was restrained by the show of strength among the industrials, especially the Gould group.

Bonds were firm. Total sales, par value, \$7,818,000.

Dis. Shores maintain a Special Private Department for the benefit of men—who through misfortune, indiscretions or excesses need the services of ABSO-LITELY RELIABLE AND EXPERIENCED SPECIALISTS. We treat all forms of Contracted disorders, Specific Blood Poison, Prostate troubles, Varicocele Weaknesses and Loss of Manhood. The necessity of this Department, where unfortunate sufferers may come with the assurance of honest dealings and expert treatment—is made plain by the presence in the city of various "Fake Medical Companies" and "Quack Institutes," where cheap hired Doctors and ignorant quacks endanger the health and rob the afflicted for worthless and often dangerous treatment.

For 17 years Drs. Shores have been known as STRICTLY RELIABLE SPECIALISTS. They do business under their own names, and offer you their Expert services on practically your own terms—either DR. G. W. SHORES. Small weekly or monthly payments as the cure progresses or you prange to PAY WHEN CURED.

DRS. SHORES' PROSTATIC TREATMENT A REAL D.S.C. RY.
Drs. Shores long since discovered that nearly all cases of so-called "Weak"In men was due to enlargement or inflammation of the prostate gland.
Shores' treatment for this trouble is original and exclusive—it is a LOtreatment—and cures where other methods entirely fail. You can have a
citical demonstration of this wonderful treatment FREE and see for yourHOW it curse and why other treatments cannot cure Consultation and

self HOW it cures, and why other treatments cannot cure. Consultation and Advice free and confidential for all diseases. Call or Write. All Medicines Home Treatment Cures. Write for Free Symptom List if you cannot call. OFFICE HOURS: 9 a. m. to 5 p. m. Evenings, 7 to 8. Sundays and holidays, 10 a. m. to 12. Consultation and examination free.

GRAIN AND PROVISIONS. Chicago. Nov. 5.—The wheat market opened 18014 to 35 lower, following a decline of 55 to 115d at Liverpool and during the greater part of the day sentiment was bearish and a further decline of about 15c was recorded. In the final hour, however, the market rallied sharply and all of the loss was regained, closing prices being unchanged to 15c lower, with December at 9975 and May at 10335. The Argentine situation was again the chief influence in the local market, although a slump of nearly 1 cent in corn prices had a marked effect. The feature of today's news from Argentine was an official statement which estimated that the recent frosts in that country had resulted in a loss of about 24,000,000 bushthat the recent frosts in that country had resulted in a loss of about 24,000,000 bushels of wheat. In view of the size of this year's acceage, the amount of damage was generally considered not alarming. Today's advices also claimed that the weather in Argentine was more favorable for the new crop. The sharp bulge at the finish was due to heavy purchases by a leading elevator interest, which caused a lively scramble among shorts to cover sales made earlier in the day. The demand was inspired to some extent by a report that export sales of wheat at Winnipeg and Duluth the past

DRIFTING BRIGHT'S DISE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

flow to Find Out. You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kinneys are diseased, and FOLEY'S KIDNEY CURE should be taken

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
